being in the zone means performing in a distinctive unusual pleasurable and highly competent way at something you already regularly do dancing or playing a viola computer programming tennis and much more what makes the zone special this volume offers groundbreaking research that brings sociological and cultural studies to bear on the idea of being in the zone there is original research on musicians dancers and surfers which shows that being in the zone far from being exclusively individualised and private but must be understood as social and collective and possibly accessible to all the zone is not just for elite performers being in the zone is not just the

province of the athlete who suddenly and seemingly without extra effort swims faster or jumps higher or the musician who suddenly plays more than perfectly but also of the doctor working under intense pressure or the computer programmer staying up all night the meaning of such experiences for convincing people to work in intense conditions often with short term contracts is explored to show how being in the zone can have problematic effects and have negative and constraining as well as creative and productive implications often being in the zone is understood from a psychological viewpoint but this can limit our understanding this volume provides the first in depth analysis of being in the zone from social and cultural viewpoints drawing on a range of theories and novel evidence written in a stimulating and accessible style culture identity and intense performativity being in the zone will strongly appeal to students and researchers who aim to understand the experience of work creativity musicianship and sport issues of the body are also central to being in the zone and will make this book relevant to anyone studying bodies and embodiment this collection will establish being in the zone as an important area of enquiry for social science and the humanities

presenting current research in an innovative format harry moody and jennifer sasser s aging concepts and controversies encourages students to become involved and take an informed stand on the major aging issues that we face as a society using their extensive expertise the authors provide a thorough explanation of the issues in the concepts sections and current research in the controversy sections demonstrating the close links between concepts and controversies in these broad areas of aging health care socioeconomic trends and the life course

inspire your students to develop their sociological imaginations in our social world focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis organized around the social world model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects
